Access to orangeWorld (LEWA Intranet / SharePoint)

LEWA is currently working on the worldwide rollout of our new intranet platform orangeWorld.
Therefore, you are already able to access orangeWorld.

Access Requirements

You already have full access to orangeWorld, if the following applies:

- You have an LEWADE or LNGRP account (for Citrix / E-Mail / Login)
- You have access by using Citrix or a VPN connection

In case these points apply to you, visit https://orangeworld.lewa.com/ - if you have a VPN connection, you can access it via the browser on your local machine, otherwise please use Citrix and the browser on the Citrix server.

Sign On

When you visit orangeWorld or you click on a link to the platform you might get a login popup:
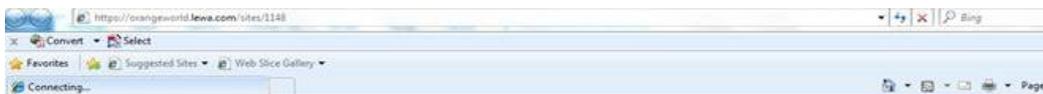

Please enter your login credentials with the domain LEWADE in front of your name.

LEWADE*username*

Password

If your site is migrated to the LEWA-Nikkiso Group Domain (LNGRP), use LNGRP instead of LEWADE:

LNGRP*username*

Password

Just tick "Remember my credentials" for further ease of use.

If you have any login issues, please contact our servicedesk: orangedesk@lewa.com.
